

ALUTIIQ MUSEUM RENOVATION

Public Space For Exploration, Education & Inspiration

A CULTURAL CENTER FOR KODIAK

A 2019 survey of over museum 500 patrons revealed a strong desire for expanded program space. Our audience wants more exhibits, and a place to learn, create, and celebrate. The museum renovation will address all these needs.

- Gallery doubled with all new exhibits
- Classroom for workshops, lectures, and Elder meetings
- Enlarged store for local artwork
- Gathering space for events
