

KONIAG CULTURAL LIBRARY

Naaqisuutet Elwiat.—Place where the books are.

The Alutiiq Museum is home to the Koniag Cultural Library, the official tribal library of Kodiak's regional ANCSA Corporation, Koniag. Our publicly accessible research collection includes resources documenting Alutiiq/Sugpiaq culture and history, Kodiak's natural environment, and museum studies. It is open weekdays during museum business hours.

Internet access

Print & Digital Collections

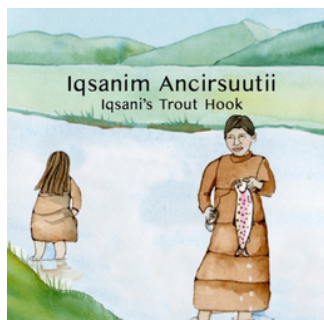

The library collection includes over 3,800 books, journals, article reprints, catalogs, conference papers, magazines, maps, newsletters, speeches, pamphlets, presentations, recordings, technical reports, transcripts, and unpublished manuscripts—both original and copied.

Photograph Collections

The library's large photograph collection includes images of the Alutiiq world from the early twentieth century to the present and pictures of Alutiiq objects in other museum collections. These images are available for research and enjoyment, but can not be duplicated as the library does not own copyright.
